## EDUCATION AND TECHNOLOGY

Portland, Oregon | [peterjungers@gmail.com](mailto:peterjungers@gmail.com) | 503-341-2399 | [peterjungers.github.io](https://peterjungers.github.io)

I have been an educator for over twenty years. I am now seeking to start a new career in computer technology that allows me to retain my love of learning and educating. My primary interest is the structuring of information. I aim to create works and experiences that have an intuitive sense of order and purpose.

## TECHNICAL SKILLS

### SQL AND DATABASE DESIGN

- Oracle PL/SQL, Microsoft T-SQL, SQLite, MySQL
- Fundamental understanding of the relational database model and entity-relationship diagrams

### PYTHON AND PROGRAMMING

- Flask, SQLAlchemy, Jinja2, pandas, Matplotlib
- Some experience with Tkinter, Django, and Jupyter Notebook
- Fundamental understanding of object-oriented programming

### WEB DEVELOPMENT

- HTML, CSS, JavaScript, Bootstrap, WordPress, Podia
- Browser developer tools

### ADDITIONAL SKILLS

- macOS, Windows, Unix/Linux command line, Git and GitHub, fundamentals of TCP/IP stack
- Microsoft Office, Google Workspace, Adobe Creative Suite
- Strong writing skills, both technical and creative
- Teaching experience, both small and large groups and 1:1 support
